**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I live in the Los Angeles area and even in a big city found that my options were limited. I originally went with Time Warner, but due to horrible service both in terms of internet and reaching out to them for assistance and set up I found myself frustrated. When I told them I would take my business elsewhere they cared none because they felt their service, or lack of, was the best in my area. I found something competitive with another company and I'm glad I did. All consumers deserve the ability to have options where available. Do not take that away from us consumers. Think of what makes america great, think of how competition helps push us all to better places, better technology, and better service.

Thank you,

Adam Klein
